

Quality Policy

We are committed to continually improving our educational counseling services to meet and exceed the needs of our students by following quality policies:

- Carefully selecting employees to ensure that their education, experience and attitude are aligned with our commitment to quality.
- Providing a learning environment where the growth and development of employees is actively encouraged and supported.
- Building synergistic relationships with appropriate strategic partners.
- Seeking and acting on client feedback for further improvement.
- Measuring our progress against meaningful targets.
- Setting and reviewing Quality objectives annually as a form of continual improvement.
- Having a Quality Management System which complies with the requirements of ISO 9001:2008.
